Most Valuable Resource by Autism Speaks Tampa Bay (May 2009)

Professional Positions:

President-Behavioral Consulting of Tampa Bay, Inc.: Providing Applied Behavior Analysis services to children affected by autism as well as children who engage in disruptive behavior. Developing and implementing skill acquisition programs based on Skinner's Analysis of Verbal Behavior. Conducting skill assessments, developing behavioral goals, conducting preference assessments, implementing skill acquisition programs, and collecting data on skill acquisition as well as competing behaviors. Staff development and supervision for board certification. Implementing and supervising toilet training programs for children who are difficult to train. Conducting intensive feeding programs for children with limited food tolerance. Conducting Functional Assessments to determine the function of problem behavior while developing behavior reduction plans in which training is provided to parents/school staff on implementation of the behavior plan. (October 2003-current)

Behavior Analyst-University of South Florida's Positive Behavior Change Project: Assisted in teaching a 30-hour parent training class to foster parents and biological parents based on the principles of Applied Behavior Analysis. Collected pre- and post-test data on parenting skills. Conducted home visits to model and observe the implementation of the parent training skills taught in the class. Provided role play opportunities for the parents to practice new skills taught. (July 2003-December 2003)

Behavior Therapist-Self-Employed: Provided 1 on 1 therapy for children affected by autism. Implemented skill acquisition and behavior reduction programs under the supervision of a Board Certified Behavior Analyst. Collected data on skills and problem behaviors in order to make program decisions. Implemented feeding programs and toilet training programs based on the principles of Applied Behavior Analysis. Utilized task analyses to teach independent skills such as dressing and feeding. (October 1998-October 2003)

Behavior Specialist-Rescare of Tampa: Supervised basic living skills and cooperative behavior of adults with autism within a group home setting. Implemented individualized behavior plans under the supervision of a Board Certified Behavior Analyst. Received training in speech, nutrition and nursing. Conducted community visits with the residents in an effort to teach independent skills and appropriate social behaviors. (October 1999-January 2000)
