*Program Director-Behavioral Consulting of Tampa Bay, Inc.:* Providing Applied Behavior Analysis services to children affected by autism as well as children who engage in disruptive behavior. Developing and implementing skill acquisition programs based on Skinner's Analysis of Verbal Behavior. Conducting skill assessments, developing behavioral goals, conducting preference assessments, implementing skill acquisition programs, and collecting data on skill acquisition as well as competing behaviors. Staff development and supervision. Conducting Functional Assessments to determine the function of problem behavior while developing behavior reduction plans in which training is provided to parents/school staff on implementation of the behavior plan. (January 2009-current)

*Program Director-Blue Ridge Autism Center:* Provided Applied Behavior Analysis services to children affected by autism as well as children who engaged in disruptive behavior. Developed and implemented skill acquisition programs based on Skinner's Analysis of Verbal Behavior. Conducted skill assessments, developed behavior goals, conducted preference assessments, implemented skill acquisition programs, and collected

data on skill acquisition as well as competing behaviors. Consulted with public and private schools on student progress and provided teacher training and supervision. Supervised home programs for young children and provided parent and behavior therapist training and supervision. Conducted trainings and workshops on task analyses, behavior reduction, and skill acquisition. (September 2007-December 2008)

*Program Specialist-New England Center for Children:* Provided 1 on 1 therapy for children and adults affected by autism and other developmental disabilities in an intensive residential setting. Implemented skill acquisition and behavior reduction programs. Collected data on skills and problem behaviors in order to make program decisions. Implemented feeding programs and toilet training programs based on the principles of Applied Behavior Analysis. Utilized task analyses to teach independent skills such as dressing and feeding. Trained new staff on principles of Applied Behavior Analysis and teaching techniques. Wrote IEPs for team of 9 students. Conducted MCAS (state alternate assessment) for students. (September 2001-August 2007)
